Version 2025.3   nutrient.io

Welcome to Nutrient Web SDK

Welcome

It's great to have you here! We can't wait for you to discover all the things possible with our SDK. This is a sample PDF document that showcases the functionality and rendering of Nutrient Web, our JavaScript-based SDK.

If you have any additional questions regarding Nutrient Web SDK or our other products, please:
Toolbar

The main toolbar features navigation tools to the left …

… and annotation, save, and search tools to the right.

When a tool offers additional options — such as font settings, opacity, and color — the options bar appears below the main toolbar.

Selecting an annotation tool or an annotation itself will open the annotation options bar.

Tools overview

HIGHLIGHTING TEXT

Selecting text will show a menu with options to highlight, strike through, underline, squiggly underline, or redact the text.
